

VOICE Charter School

Communication With Those Charged With Governance

October 3, 2018

October 3, 2018

To the Audit Committee
VOICE Charter School

We have audited the financial statements of VOICE Charter School (the “School”) for the year ended June 30, 2018 and are prepared to issue our report thereon dated October 3, 2018. Professional standards require that we provide you with the following information related to our audit. This letter is divided into two sections: 1) required communications from the auditors to those with audit oversight responsibilities and 2) opportunities for strengthening internal controls or enhancing operating efficiency and our related recommendations.

REQUIRED COMMUNICATIONS

A. Our Responsibility under U.S. Generally Accepted Auditing Standards:

As stated in our engagement letter dated May 7, 2018, our responsibility, as described by professional standards, is to express an opinion about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. Our audit of the financial statements does not relieve you or management of your responsibilities. Our responsibility is to plan and perform the audit to obtain reasonable, but not absolute, assurance that the financial statements are free of material misstatement. As part of our audit, we considered the internal control of VOICE Charter School. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control. We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters.

B. Planned Scope and Timing of the Audit:

We performed the audit according to the planned scope and timing previously communicated to you in our meeting about planning matters in June 2018.

C. Auditor Independence:

We affirm that MBAF CPAs, LLC is independent with respect to VOICE Charter School.

D. Qualitative Aspects of Accounting Practices:

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by VOICE Charter School are described in Note 2 to the financial statements. We noted no transactions entered into by the School during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

An Independent Member of Baker Tilly International

E. Accounting Estimates Used in the Financial Statements:

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

Allowance for Doubtful Accounts:

As of June 30, 2018, VOICE Charter School recorded grants and other receivables of \$573,941. Management concluded that no allowance for doubtful accounts was necessary. Management calculated based on the assessment of the credit-worthiness of the School's donors, the aged basis of the receivables, as well as economic conditions and historical information. Based on our audit procedures which included a discussion with the school leadership and a review of subsequent collections we concur with management's conclusion.

Pension Plan:

The School participates in the Teachers' Retirement System of the City of New York ("TRS" or the "Plan"), which covers principals and teachers. Employees enrolled in the Plan are required to contribute a range of 0% to 6% depending on when they enrolled in the Plan. Employees become vested in the School's contribution to the Plan after ten years of service. The School's contribution is a rate based on actuarial assumptions and methods. During the years ended June 30, 2018 and 2017, the School used a rate of 11.19% and 9.59%, respectively. For the years ended June 30, 2018 and 2017, the School incurred pension expense of \$608,566 and \$353,060, respectively, which is included in retirement benefits in the accompanying statement of functional expenses.

Functional Statement Allocation:

Management's estimate of the allocation of functional expenses is directly identified with the program or supporting service to which they relate. We evaluated the key factors and assumptions used to develop the estimate in determining that it is reasonable in relation to the financial statements taken as a whole.

Depreciation:

Management's estimate of depreciation is based on estimated useful lives of assets. We evaluated the estimated useful lives of assets in comparison to generally accepted accounting principles in determining that it is reasonable in relation to the financial statements taken as a whole.

F. Sensitive Disclosures Affecting the Financial Statements:

The disclosures in the financial statements are neutral, consistent, and clear. Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure(s) affecting the financial statements were:

The disclosure of Risk Management in Note 6 to the financial statements describes various risks to which the School is exposed.

G. Corrected and Uncorrected Misstatements:

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. We will identify those adjustments proposed both corrected and uncorrected:

Proposed and Corrected:

In the current year, there were four adjustments proposed by management that increased net assets by approximately \$74,000. The most significant adjustment was the over-allocation of Title IIA funds from New York State. The other three adjustments were reclassification entries.

In the prior year, there was one audit adjustment to reclassify approximately \$10,800 to construction in progress from the accumulated depreciation account. This had no effect on the School's change in net assets.

Proposed and Uncorrected:

There were no audit adjustments proposed and uncorrected during the fiscal year.

H. Audit Difficulties and Disagreements with Management:

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report.

We are pleased to report that no such disagreements arose during the course of our audit.

I. Management Representations:

We have requested certain representations from management that are included in the management representation letter dated October 3, 2018.

J. Management Consultations with Other Independent Accountants:

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the School's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

K. Other Audit Findings or Issues:

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the School's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

We wish to thank management and personnel for their support and assistance during our audit. We would be pleased to further discuss the contents of this report with you at your convenience.

This information is intended solely for the use of the Audit Committee, Board of Trustees, and management of VOICE Charter School and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

MBAF CPAs, LLC
